Hello Ryan

Thank you for the e-mail and contacting our company, Morongo is out of our work area, we would not be able to provide you with a price for this project. As mentioned also over the phone to provide accurate cost we need to perform an onsite inspection to look at the over all project and make true measurements.

If there are any questions please let me know how I may be of assistance.

Thank you for your business,

Mayra Marquez

Subject: Roofing Quote for Morongo Valley Fire Department

Attention Castro Roofing,

Thank you for taking my call today regarding the roofing job for the Morongo Valley Fire Department.

As we discussed, if you could please provide me a quote for redoing an asphalt shingle roof, flat, to include everything plus new plywood underneath. The overall dimensions of the roof are going to be 108 ft by 45 ft. Please see attached pictures for further reference.

I understand that your schedule has this backed out till about December or January, but the quote will allow me to get something approved by the CSD board of directors so that I can get it on the calendar for that time frame.

If you have any questions please let me know I look forward to receiving your quote.

Ryan McEachen Fire Captain
