To: Jim Brakebill <j.brakebill@morongovalleyfire.org>; Brittany Chavez <b.chavez@morongovalleyfire.org>

Morning I just looked over the agenda for the meeting. I have a few questions. The public (voters) should not be part of our Organization Chart. An organization chart should be close to a daily command. The board makes the rules. The GM carries out and enforces the rules. The Fire Chief runs the fire department and is the acting GM when the GM is unable to perform their duties. The Administrative assistant reports to the GM but is a little lower than the Fire Chief. Below AA is Parks. District council is not part of the Org chart. They are advisors to the board. They don't have Decision making authority in the District. I am sorry I didn't get you anything drawn up before I left. I will do better.

Johnny
